Product Description

LS Tractor XJ2025H Compact Tractor w/ Loader and Backhoe

The XJ Series offers versatility that compact customers appreciate. Ample strength and durability allow you to work all day with a large number of LS implements and attachments. The XJ is not simply limited to a tractor and loader configuration; it can be equipped with a backhoe, mid-mount mower, snow blower, as well as numerous three-point implements. Versatility and performance make this compact tractor a leader.
